

although they do not produce smoke, e-cigarettes produce a vapour that could provide an annoyance or health risk to others;

these products do not provide recognised health benefits while introducing negative consequences including undermining the enforcement of the Smoke Free Policy.

2.4.3 The use of e-cigarette chargers is prohibited throughout all University premises and vehicles.

#### 2.5 Smoking Areas Outside Buildings:

Staff and students wishing to smoke are requested to do this away from doors, windows and access routes into the buildings. This is to prevent smoke entering the building through windows; to avoid the accumulation of litter at entrances and to enable people to enter and leave the building without passing through an area used for smoking. The University reviews the location of litterbins to facilitate smoking away from these areas. Cigarette waste should be disposed of properly and considerately in a safe manner.

#### 2.6 Student Halls of Residence:

2.6.1 It is appreciated that the Halls of Residence are homes to students and therefore students are permitted to smoke although strictly only in the bedrooms designated for smokers. Any student occupying a designated smoking bedroom should have consideration for others by keeping his/her door closed.

2.6.2 All other bedrooms and all communal areas within the Halls of Residence are smoke free. This includes: laundries, wardens lodge, staircases, corridors, bathrooms, toilets, kitchens and lounge areas. Smoking will not be permitted in the entrance of blocks.

2.6.3 The policy will apply to all residents and their guests at all times. Student Services staff will allocate the rooms according to preference and availability. Signage will be placed in flats, entrances and exit areas advising residents and visitors of the smoke free policy.

### 3. Responsibility for the Policy

**4. Breaks/Rest Periods**

Employees who wish to smoke during the working day may be permitted reasonable breaks, in agreement with their line manager, provided these do not prevent them from satisfactorily carrying out their responsibilities and work duties. Work time lost to breaks unrelated to work activity should be made up as necessary. This applies equally to smokers and non-smokers.
